

SEMEN DIRECTORY

WELCOME

CK Sales & Marketing is honored to represent this select group of high impact herd sires. We feel that every one of these bulls offers tremendous upside potential to the breed and are on the cutting edge of Charolais genetics. We feel that the breed as a whole is placing emphasis on very specific selection criteria. Outcross bloodlines with enough proven pedigree depth to help predict the outcome, advanced EPD profiles whether it be calving ease, performance, or carcass merit, and finally we want to maintain a look of quality. This entire battery was selected for just those attributes. Each sire offers his own strengths, select the one that best suits your breeding needs and use with confidence.

Thank you for your interest in these sires and if you have any questions, please contact myself or any of the owners.

-Cott Keffer

Silverstream Padra P7 is an outcross herd sire from the famed Silverstream herd in New Zealand. First calf reports show short gestation with good vigor. The calves appear to have added muscle and performance with a great look. The first set of sons to sell at public auction were offered at Kay-R Charolais in Canada, they averaged \$10,600 on 10 head.

CK Sales & Marketing is the exclusive US distributor for Padra. Semen will be sold on a limited basis as first come first serve.
